MARKETING PACKAGE

Our ideas for you

PERSONAL WEBSITE

Go online and create a personalised website based on a Zirkonzahn's predefined structure! The website will help you make your presence known on the web presenting yourself to customers and potential customers with a clean and professional image. This is an easy solution to show the quality of your work and, above all, who you are.

The website has many advantages:

- possibility to keep the usual domain of your website (if you do not have a domain yet, we will create one for you)
- predefined layout updated automatically
- smart management of the documents you would like to make available to your clients
- predefined gallery with the pictures of the best cases made by our dental technicians
- with only a few clicks you can change pictures, texts, menu pages, colours and design of your personal website at any time
