1.1.1 Cookies

A cookie is a small file containing a string of characters that is sent to your computer when you visit a website. If you visit the website again, the cookie allows this site to recognise your browser. Cookies are not usually used to store personal data but may store visitor preferences and other information. You can set your browser to refuse all cookies or to notify you when a cookie is sent. However, some website functions or services may not work properly without cookies and therefore we recommend that you accept cookies so that you can take full advantage of our website.

The following cookies are used on this website.

1.1.1.1 Google Analytics

This website uses Google Analytics, a web analysis service of Google Inc. (600 Amphitheatre Parkway Mountain View, CA 94043, USA). Google Analytics uses “cookies”, which are text files placed on your computer, to help the website analyse how visitors use the site. The information generated by the cookie about your use of the website (including your IP address) will be transmitted to and stored by Google on servers in the United States.

IP anonymisation is used on this website. The IP address of visitors is shortened within the member states of the EU and the European Economic Area. This shortening eliminates the personal reference to your IP address. As part of the contract data agreement concluded between the website operators and Google Inc., Google uses the information collected to evaluate the use of the website and website activity and to provide web-related services.

You have the possibility of preventing the storage of cookies on your device by making the appropriate settings in your browser. There is no guarantee that you will be able to access all functions of this website without restrictions if your browser does not allow cookies.

Furthermore, you can use a browser plug-in to prevent the information collected by cookies (including your IP address) from being sent to and used by Google Inc. The plug-in can be downloaded from the following link:

<https://tools.google.com/dlpage/gaoptout?hl=en>

Alternatively, by clicking on this link, you prevent Google Analytics from collecting data about you within this website. By clicking on the link above you can download an „Opt-Out-Cookie“. If you delete your cookies regularly, you will need to click on the link again each time you visit this website.

Here you will find further information on the use of data by Google Inc:
